Important Questions	Answers	Why This Matters:
What is the overall deductible ?	\$0	See the Common Medical Events chart below for your costs for services this plan covers.
Are there services covered before you meet your deductible ?	Not applicable.	You don't have to meet a deductible before this plan pays for any services.
Are there other deductibles for specific services?	Not applicable.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan ?	\$3,000/individual and \$6,000/family, combined medical/behavioral and prescription drug coverage .	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit ?	Premiums , balance-billing charges, and any expenses that this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Will you pay less if you use a network provider ?	This is a network-only plan type. See www.aetna.com or call 1-800-255-2386 for a list of medical network providers . For behavioral health, see www.aetna.com or call 1-800-255-2386.	This plan uses provider networks . You will pay less if you use a provider in the plan's network . Unless you have a medical emergency, you will pay the full billed charges if you use a non-network provider . Be aware, your network provider might use an out-of-network provider for some services. Check with your provider or Aetna before you get services.
Do you need a referral to see a specialist ?	No. You don't need a referral to see a specialist .	You can see the specialist you choose without permission from this plan.
