The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage visit www.exxonmobilfamily.com or call 1-800-262-2363. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms, see the Glossary. You can view the Glossary at www.healthcare.gov/SBC-GLOSSARY or call 1-800-262-2363 to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	**$300**/individual and **$600**/family for in-network and out-of-network area. **$400** /individual and **$800**/family for non-network.	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.
Are there services covered before you meet your deductible?	Yes. Preventive care, in-network services that have a copayment, and prescription drug coverage are covered before you meet your deductible.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible. See the SPD for details.
Are there other deductibles for specific services?	Yes. **$200** for in-network and out-of-network area inpatient hospital services, including mental health and substance abuse, and **$400** for non-network.	You must pay all of the costs for these services up to the specific deductible amount before this plan begins to pay for these services.
What is the out-of-pocket limit for this plan?	For in-network and out-of-network area: **$3,000**/individual and **$6,000**/family. For non-network: **$15,000**/individual and **$30,000**/family. For prescription drug coverage, **$2,500**/individual and **$5,000**/family.	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit?	Premiums, balance-billing charges, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Will you pay less if you use a network provider?	Yes. See **www.aetna.com** or call 1-800-255-2386 for a list of medical network providers. For behavioral health, see **www.magellanascend.com** or call 1-800-442-4123.	This plan uses provider networks. You will pay less if you use a provider in the plan's network. You will pay the most if you use a non-network provider, and you might receive a bill for the difference between the provider's charge and what your plan pays (balance billing).
Do you need a referral to see a specialist?	No. You don't need a referral to see a specialist.	You can see the specialist you choose without permission from this plan.

All **copayment** and **coinsurance** costs shown in this chart are after your **deductible** has been met, if a **deductible** applies.

About these Coverage Examples:

This is not a cost estimator. Treatments shown are just examples of how this plan might cover medical care. Your actual costs will be different depending on the actual care you receive, the prices your providers charge, and many other factors. Focus on the cost-sharing amounts (deductibles, copayments and coinsurance) and excluded services under the plan. Use this information to compare the portion of costs you might pay under different health plans. Please note these coverage examples are based on self-only coverage.
